# Buying a Caravan Holiday Home or Lodge

Buying a caravan holiday home or lodge is a significant lifestyle choice and here's a simple step-by-step guide to the things you need to consider.

## 1. LOCATION, LOCATION, LOCATION

You will need to decide where geographically you would like your holiday destination to be. A big deciding factor is how far away you want it to be from your home and whether you prefer coast or rural countryside, quiet retreat or family friendly with lots of activities, there'll be a place that's perfect for you as a holiday getaway.

## 2. FIND YOUR IDEAL HOLIDAY PARK

Finding a holiday park in your desired location is the next stage of decision. To narrow your search you will need to consider what facilities and activities are important to you on a holiday park, do you require a pet friendly park and what time of year do you want to use it (parks open at varying times).

## 3. CHOOSING YOUR PERFECT CARAVAN HOLIDAY HOME OR LODGE

There is a fabulous choice of caravan holiday homes and lodges to choose from and your chosen park will be able to show you the new and pre-owned caravan holiday homes they have for sale and what pitches are available. Be sure to select an NCC Approved holiday home so that you can have confidence that it meets all the necessary standards and always ask for a copy of the Purchase and Licence Agreement before you buy.
